

Nerida Moredoundt

Nerida is the Practice Director of Palassis Architects, a leading Western Australian heritage consultancy. She works with government, private and community organisations to achieve sustainable outcomes for heritage places. She has extensive experience in conservation planning as well as specialist expertise in statutory and strategic heritage planning. She is frequently called upon as an expert witness in this capacity. Nerida was instrumental in establishing the annual 'Architecture + Heritage Forum' held jointly by Palassis Architects, the Australian Institute of Architects and the Heritage Council of Western Australia to engage participants in thought-provoking discussions of the relationship between architectural practice and the conservation principles contained in the Burra Charter.
